

7(a) Loan Program

Flexible Financing for your Small Business

The U.S. Small Business Administration's (SBA's) 7(a) Loan Program is our most flexible and widely used loan program. It is designed to help creditworthy small businesses that cannot qualify for conventional financing.

The SBA works with participating lenders to reduce their risk, which increases the likelihood of loan approval.

Improved Cash Flow

The SBA 7(a) loan program allows for longer loan repayment periods, which keep payments low, allowing borrowers to improve their cash flow and increase their ability to invest in new products and services.
